JOHNSON DEPARTS WITH MUCH REGRET

Is Hypnotized by Music; Believes Jeffries Will Be Easy to Whip.

Jack Johnson, champion heavyweight, left for San Francisco on the 3:20 O. S. L. train Tuesday, and was wished the best of luck by a large crowd that had gathered at the depot to see the champion depart.

Johnson attended the Tabernacle organ recital and pronounced the music the best he had ever heard. In fact, he was so charmed with it that he is seriously considering locating in Salt Lake after the big fight.

Johnson said that he would not start training for about two weeks. He said he was not anxious to get in shape, being confident that in his present form he can get down to his best endurance in four weeks' work.

Johnson was asked what he thought of the many reports sent out that he had made the match just to get the loser's end and that deep in his heart he knew he was bluffing.

"Well, sir," said Johnson, "that's what many people said when I signed up with Tommy Burns, and again it was said when I signed with Stanley Ketchel. I tell you right now that when I get through with Mr. Jeffries people will say that he was an old man and could not get into condition, but I still am afraid something will happen and when the time comes Jeffries will not be there. I hope he is and he will find his match."

"Good-bye, I hope to see you all after the fight."

BOXERS QUIT TRAINING. REPORTING GOOD CONDITION

"Peanut" Sinclair took his last work out at the Salt Palace in preparation for his twenty-round fight with Young Eriksen Thursday night at Ogden. In the morning Sinclair ran five miles and in the afternoon he boxed fourteen fast rounds and could have doubled the number. This morning he will take a short run to keep his weight down, but he says he will easily make weight and believes he will enter the ring at 120 pounds.

Young Eriksen has also completed his work at Ogden and is now anxiously waiting for the referee to say the word to start the bout. Eriksen says he cannot see how he can lose, as he has had so much experience, while Sinclair is practically green at the game.

There will be about 500 people go up from Salt Lake. Already a dozen automobiles have been engaged by parties. "Fat" Schuler will show the fans how to handle a special and says that "his train" will make the run to Ogden from the Grande depot on time if he has to climb into the cab to turn on the "juice."

Schuler also says that the train will be back here by 10 o'clock.

Manager Downing of the Manhattan Athletic club says that the first preliminary will be called at 8 o'clock and the contest will be hurried through.

Jimmie Burns of Park City will probably referee the contest.

MISSING JEWELS FOUND AS IF IN ROMANCE

NEW YORK, April 26.—The missing \$100,000 worth of jewels of the late Mrs. Theodore C. Mose, widow of a theatrical manager, were revealed today by the accidental touch of a secret spring which released a door in a pedestal in the home of Mrs. Mose on Madison avenue.

Mrs. Mose took no one into her confidence. Last January she died and her jewels were not found. It was thought she had sold them.

A few days ago Beverly Kator, a friend of Mrs. Mose, while passing through a room, accidentally stumbled against a pedestal. Instantly the secret door flew open, revealing a dazzling array of gems—all the trinkets and jewels that had been his grandmother's.

PROSECUTOR MANIFESTS CHARITY FOR OUTCAST

NEW YORK, April 26.—Kate Muller, the devoted drudge on whose poor carcass Albert Walter lived, is to have a happier life than the miserable one she shared in a wretched apartment with the man who murdered Ruth Wheeler.

Frank Moss, assistant district attorney, who obtained Walter's conviction, has taken pity on the girl and is to receive her into his own home where he and Mrs. Moss will care for her until her future is assured. Mr. Moss believes the girl knew nothing of the murder.

ART TREASURES SOLD FOR TITHE OF VALUE

NEW YORK, April 26.—A trifle more than \$7000 were all the art treasures that he valued at more than \$100,000 brought today when Charlie Reed ordered his collection of Venetian furniture, antique art objects and curios adorning his former gambling place on West Twenty-fourth street, sold under the hammer.

Reed for years was a prominent figure on the turf and was widely known as a sporting man. He is now 50 years old and is retiring from the game.

YOUNG ROUGH RIDERS WILL GREET ROOSEVELT

ST. LOUIS, April 26.—Louis and Temple Abernathy, 19 and 6 years old, sons of John Abernathy, United States marshal at Guthrie, Okla., rode into St. Louis last night on their horseback trip from Frederick, Okla., across the continent to New York. Their arrival marked the completion of about one-third of their journey to greet former President Roosevelt when he lands at New York City, 15. They depart for Chicago tomorrow.

PERMANENTLY HEALS SORES & ULCERS

Old sores remain open and chronic ulcers refuse to heal because they are kept constantly irritated and infected by impurities in the blood. This impurity of the circulation comes from various causes. A long spell of debilitating sickness, which breeds disease germs in the system, the retention of refuse matters of the body because of a sluggish condition of the eliminative members, a continued malarial state of health, inherited bad blood, etc., are usually responsible. But whatever the cause of the infected circulation, the sore or ulcer CANNOT heal until the blood is purified. S. S. S. heals sores and ulcers in the very simplest way. It just goes into the circulation and removes the impurities and polluted matter which are the means of keeping the sore open; then the sore is bound to heal. S. S. S. is the finest of all blood purifiers, and not only does it cleanse the circulation but it adds the necessary healing qualities to the blood, and in this way assists nature to quickly cure sores and ulcers. Salves, washes, lotions, etc., can do no permanent good toward healing an old sore because such treatment does not reach the blood. These external applications may be soothing and cleansing, but the healing must begin at the bottom, and this is just what S. S. S. does by first purifying the blood, and then furnishing nourishment and health to all the flesh tissues. Book on Sores and Ulcers free to all who write and request it.

NEW AUTO GARAGE IS BEING PLANNED

Temple Company Secures Valuable Agency, and Will Increase Its Floor Space.

Harry Kaar, who has just returned from "Frisco," announced Tuesday that the Temple garage had secured the Locomobile agency for Utah, he being connected with the company, and the company intends to build a big automobile garage.

Kaar said: "While I am not ready to announce all of our plans, I will say that the Locomobile is to be handled by a new company, now being organized, in which a number of Salt Lakeers will be interested. We have secured the agency for the Utah district and already have a shipment of roadsters and touring cars on the way to Salt Lake City from San Francisco. At present there are only twelve 1910 Locomobiles in the United States not sold. We have secured some of these. Next season we will try an exceptionally large line of automobiles."

"We have a site for a proposed new garage already spoken for, and this building will be erected in the very near future. We mean to conduct an automobile business in all its branches, and to have every department under specialists."

There are four Locomobiles now in service in Salt Lake City. More will be on the streets here as soon as we can make deliveries. In San Francisco the Locomobile is one of the best known machines, and I believe at least fifty per cent of the autos owned there are of this make. The home factory is at Bridgeport, Conn.

"J. Murray Page, representing the Locomobile company, recently visited Salt Lake City. He is recognized as an automobile authority on the coast. He was most enthusiastic over Salt Lake City as a growing automobile center."

Mr. Kaar has been engaged in the automobile industry in Salt Lake City for a long time. In 1907 he won the first hill climb contest conducted by The Evening Telegram. He drove a Pope-Hartford.

PRINCE TO BUILD THREE-LAP TRACK

No Location Can Be Secured Close in for Half-Mile Race Course.

Jack Prince, who has come here to build a motorcycle track, announced Tuesday that he finds that there are no locations close to the business center which will admit of a half-mile track, but he has several places in view where a third of a mile track would fit in very nicely, and he expects to close the deal today for a ten-year lease for a suitable location. The track is 13 miles in circumference, and will have a pitch of about fifty degrees in order that motorcycles can be driven at the rate of one mile in forty seconds.

Prince says that the people of Salt Lake have seen miles around the minute mark, but have never been shown miles in forty and fifty seconds, and he believes that the new track will be a big success.
